HORSE NOTES.

A tract of land, measuring some eighty acres, on A tract of land, measuring some eighty acres, on the outskirts of Utica, has been purchased by the Utica Driving Park Association, and will be rapidly fitted up with facilities for a first class park. The capital stock is \$100,000. The first meeting, it is contemplated, will take place during the week suc-beeding the next summer meeting at Buffalo, and \$40,000 in purses and stakes will be offered.

The following is a list of the race horses in training in the vicinity of New York. These, together with the stables of Messrs. Sanford and Babcock. ow in the South, will make the Northern stat for the coming campaign 100 horses strong:-

MYSTERIOUS DISAPPEARANCE.

mes itemington, a conductor on the Lake Shore and Michigan Railroad, disappeared on Friday last under mysterious circumstances. He arrived at the fulth Avenue Hotel on Wednesday last, with his wife, from Philadelphia, and on Friday afternoon he went out teiling the lady before he started that he was going to the bank to draw \$250, but since hat time he hag not returned. The lady called poor inspector Jameson yesterday at police head-quarters and explained to him that she had been eft at the notel in a completely destitute condition and she was very anxious to find some clue to her hasband. The inspector looked over the returns and found the man had not sustained any section, and found the man had not sustained any section, and from all appearances the matter looks like a d Michigan Railroad, disappeared on Friday last

FINANCIAL AND COMMERCIAL.

SUNDAY, Feb. 18, 1872 The week in commercial circles has been without special feature of novelty. Wheat was higher out still devoid of speculative interest, while cotton was unsettled but without important fluctuation.

THE MONRY MARKET. The money market was irregular under, for so brief a period, a quite frequent variation in the sup-ply and demand. The banks sent a good deal of money West and South, and some of the speculative combinations interested in lower prices for stocks helped the scarcity at times, but every rise to seven per cent brought money from other sources chiefly from the Eastern cities, and hence activity was only spasmodic. The market is best quoted at 6 a 7 per cent for loans on miscellaneous stocks and 5 a 6 per cent on government bonds. Saturday afternoon the supply was unusually abundant after accounts had been generally made up, and transactions on

stocks occurred at 6a 2 per cent.

Commercial paper is not so readily taken, in view of anticipated dearer rates for money for the next mouth or two, and prime double names are quoted

7 a 8% per cent discount. Foreign exchange was firm and rates closed on the basis of 109% a 109% for sixty days sterling and 110 a 110% for sight bills.

The government bond market recovered steadily from the depression occasioned by the semi-panic at London at the prospect of war between the two countries, and prices recovered to within 1/2 per cent of those prevailing just before the Alabama claims excitement, the latest buyers being the foreign bankers, who were rectifying their too hasty judgment of the consequences of the agitation. The lower ruling of gold at the close of the week and a little reaction in London prices made the market heavy on Saturday and quotations fell off a fraction, when the market became steady and wound up as follows:-United States currency sixes, 114 a 114%; do. sixes, 1881, registered, 114%; a 114%; do. do., cousixes, 1881, registered, 114½ a 114½; do. do., coupon, 115½ a 115½; do. five-twenties, registered, May and November, 110½ a 111; do. do., 1862, coupon, co., 110½ a 111; do. do., 1864, do. do., 110½ a 111; do. do., 1865, do. do., 111½ a 111½; do. do., 1867, registered, January and July, 110½ a 111½; do. do., 1865, coupon, do., 110½ a 110%; do. do., 1867, do. do., 111% a 111%; do. do., 1868, do. do., 112 a 112%; do. fives of 1831, funded, registered, 108% a 108%; do. do., coupon, 108% a 108%; do. ten-forties, registered, 107 a 107%; do. do., coupon, 110% THE GOLD MARKET.

With the dissipation of the Alabama claims war cloud and the introduction of a proposition in Congress to allow one-third of the customs to be paid in greenbacks, gold declined from 110% to 110%, but became steady at 110% a 110%—the quotation for two days running—the only interest in the market being in connection with the daily settlement of the merchants for customs. Three weeks hence the Treasury begins the redemption of tremely donotful what use the foreign owners of these bonds will make of the gold paid themwhether they will reinvest it here or call it homethe gold speculation is without a guide and appears too listiess to solve the problem. The extreme fluctuations daily in the price of gold during the week

The stock market was for the most part dull, and a lower range of prices prevailed. Outside of the bearish relation to the market of certain lately successful speculative combinations, competent by the prestige of good luck and additional means to help movement suitable to their plans, the decline was initiated by a break in Union Pacific following the retirement of the Pennsylvania interest from the direction. It was at first supposed that the Vanderbilt interest was also withdrawn, and a report to that effect occasioned a fall of about five per cent for the week; but as the real facts soon after came to the surface, and it was ascertained that the Vanderbilt interest had remained and would make Mr. Horace F. Clark President at the March election, there was a sudden recovery of over two per cent. Meantime a new issue of five millions of Hannibal and St. Joseph had demoralized the market, and, following the Union Pacific break, communicated weakness gen-Keep Dark, or. f., by Eclipse out of Sister to years.

The weekly statement of the associated canks is very unfavorable, owing to a large reduction in both their specie and legal tender reserves. The specie has fallen another million and a half under the steady indux of gold into the Treasury in payment of custom duties, while the greenbacks are down nearly a million dollars, in consequence chiefly of speculative manipulation, although a large proportion of the loss in this item can be fairly attri-buted to the shioment of currency to the out-of-town

banks, much of it going to the South, where, under the more orderly relations of capital and labor gradually established since the close of the war, the planting of the annual cotton crop is beginning to be an influence upon our money market, much the same as the movement of the crop itself. This is an entirely new element in our monetary situation, for with the system of slavery before the war, the planting of the crop involved no beavy initiative outlay to laborers, and with the five or six years succeeding the war capital and labor went shares in the product of the plantation. Hence the cotton crop made money active only when it started to leave the plantations for the river and seaport towns. But within a year or so the relations between the cotton growers and the colored faborers have changed, and are now practically the planting of the annual cotton crop is beginning to same as those which exist between the farmer and his "hands." To set this great labor machine in operation generally for the first time a great deal of money is required; and inquiry at the banks shows uthern banks are drawing heavily on their New York deposits. The loss in deposits for the week is over three and a quarter millions, and is, doubtiess, a rising average for the reason that the loans show a contraction of only half a milloans would probably show a decrease of over a million as compared with last Saturday. With this allowance the several items are reconciled to each other and the statement explained even without crediting the stock cliques with interference. The

COMMERCE AND NAVIGATION.

Monthly report, No. 4 (series 1871-72), of the Bureau of Statistics, now in press, contains the statistics of our foreign trade for the month of October, 1871, and the ten months ended the same compared with the corresponding periods of 1870. Mr. Young, Calef of the Bureau, furnishes the follow

Periods,	Imports.	Domestic Exports (Specie Values,)	Foreign Exports,
Month ended October 31, 1871. Month ended October 31, 1870. Ten months ended Oc- tober 31, 1871. Ten months ending Oc- 4ober 31, 1870.	\$51,763,586 36,942,780 507,992,191 410,979,775	\$35,872,658 81,745,131 423,514,863 359,862,526	81,248,082 1,483,255 23 858,998 24,651,290

warehouse October 31, 1871, was \$64,650,691, against \$47,841,169 October 31, 1870. Making allowance for the difference in the warehouse account for the ten months ended October 31, 1871, and for the corresponding period of 1870, the excess of imports over domestic and foreign exports for the former period was \$52,084,920, as compared with \$30,388,203

The proportion of the imports and exports, conrespectively, for the ten months ended October 31, 1871, is shown in the following table:-

	Imports.	Domestic Exports (Specie Values).	Foreign Ex- ports.
Merchandise Specie and bullion	#491,453 936 16,538,256	\$363,585,638 59,928,725	
TEN MONTHS Merchandise Specie and builios		ODER 31, 187 \$29.4,563,315 60,359,211	

The comparative values of the imports and exports brought into and shipped from the United States in American and foreign vessels and in land vehicle respectively during the ten months ended October al. 1871, were as follows:-

	Imports.	Domestic Exports (Mixed Values).	Foreign Exports.
American vessels oreign vessels	\$148,6.4,045 \$45,980,343 13,317,803		87,448,533 13,907,340 2,003,135
TEN MONTES	#NDED OCT #130,880,991		811,823,199
oreign vessels	5,089,216		11,774, 197

vessels engaged in Ane foreign trade during the twelve months ended October 31, 1871, were as

	No.	Tour.	No.	Tons.
American vessels	11,055 19,510	8,800,337 6,774,416	10,985 19,537	3,869,166 6,682,265
Total	30,565	10,574,753	30,522	10,551,421
TWELVE MON	THE ENI	DING OCTOR	RE 21,	1871.
American vessels	10,975	3,584,922 5,597,614	10,287	8,522,253 5,496,304
Total	29,899	9,182,588	28,86	9,018,557
Attention is invit statements showing cles imported and	g the	values of	he lead	ling arti-

years, from 1880 to 1871 inclusive.

This number contains, in addition to the usua summaries, statements showing the reduction the national debt of the United States; the trade of Great Britain for the calendar year 1871; exports from Baitimore to Germany during the calendar year 1871; exports from St. John, N. B., to the United States during the year ended September 30, 1871; imports into Havana during the years 1862 to 1871 inclusive, and exports from Switzerland to the United States during the year 1871, as compared with 1870.

DRY GOODS MARKET.

There has been a moderate degree of activity in the dry goods market during the week, and in the Jobbing department considerable life is snown. In cotton goods business is limited only by the ability of the manufacturers to produce, the market con tinuing very strong.

Brown sheetings and shirtings continue to increase

in firmness, and all the best grades are sold up to production. Boot O is quoted 12c.; do. W. 17½c.; do. standard FF, 14½c.; do. Everett AA, 13½c.; Suffolk AA, 15c.; Novada A, 12½c.; Webster A,

do. standard FF. 14%c.; do. Everett AA, 13%c.; Suffolk AA, 16c.; Nevada A, 12%c.; Webster A, 12%c.

Hiesched sheetings and shirtings are very firm in price and are likely to advance.

Drills are advanced to 15%c. for standards, and are soid up to production.

Stripes and checks are in improved inquiry, and considerable sales have been made during the week. Collonades are in good demand, the neavier styles being sought for on account of the advance in woolien goods. The stock is low and prices likely to become stronger. New York Mills double and twist is quoted at 37%c.; do. lancy, 27%c.; do. plain, 22%c.; Lewiston, 35c.; York, 37%c.; Farmers and Mechanics, 35c.

Satteens are active with prices firm, with receipts not up to the needs of the trade,

Tekings continue to move freely in all the best brands, the stock low with agents, and the demand from jobbers improving.

Warps and yarns are closely sold up, with prices daily growing stronger.

Frinks in light work have moved unite freely, and

the market on the whole has been more active than at the last report. The market is not settled upon a satisfactory basis, 115c, not being proportioned to the cost of production, and a leap of 12c, not being considered practicable at present.

Hostery in summer merino and gauze shirts and drawers has been freely inquired for, and all desirable styles are well sold up. Cotton hose sell well, in spite of the advanced prices, and a higher figure is predicted.

Woolen goods have moved very well during the week, but with no improvement of prices. A satisfactory sympathy between raw material and manufacture i goods seems almost out of the question. The trouble seems to be an excess of production, so that producers are willing to sell at ruinous rates rather than let the goods remain on their nands.

Kentucky jeans have been fairly active, and, on many styles, the goods have been sold anead.

Satinets have improved in movement, but operations are limited to medium and fine goods.

Fancy cassimeres are irregular, and, on general styles, there is no adequate improvement in price.

Foreign dress goods have been quare active in new and attractive styles, especially in Japanese stripes, real and imitation. Black alpacas of the lower grades are inquired for, but there have been no late importations on account of the increased cost abroad.

SUICIDE OF A YOUTH BY TAKING POISON. Coroner Herrman yesterday morning received information that James H. Lyons, a youth of nearly twenty years, had died in Bellevue Hospital. Deceased lived with his friends at 332 gast Fifty-fourth street, and on Friday night, while in a depressed state of mind, swallowed a dose of arsenic or othe poison. Upon being questioned as to the cause of the act Lyons gave no explanation other than that he was tried of life, and did not wish to live any longer. 'He lingered till Saturday and died. Permission was given the relatives to remove the remains to the late residence of deceased, where an inquest will be held to-day. Deceased is said to have been a nephew of the President of the Third Avenue Savings Bank.
